

Young Expert Assignment **BIPA**

Quality expertise
at low cost

What is BIPA?

AN EXPERTISE FOR YOUR DEVELOPMENT

A junior consultancy made up of 8 students engineers in international agro-development supervised by professionals.

Our group was formed around a theme that drives us all: **the protection of biodiversity.**

Our project

Helping you, through our services, in preservation and awareness programmes on biodiversity.

Our services

- Post-project evaluations
- Impact studies
- Studies prior to the development of a product or a process
- Various diagnostics (territorial, agricultural, environmental, etc.)
- Feasibility studies
- Monitoring and management of species and protected areas
